Experience:

➤ Web Development Intern

Company: Teachnook in collaboration with IIT Bhubaneswar(Wissenaire)

I have successfully completed internship program on web Development from immensphere in associated with Teachnook from 01/01/2023 to 28/02/2023.

Developed user interfaces with modern HTML, CSS5 and php. In this internship I worked on two projects which is Historical places and Weather Forecasting.

Duration : 2 month

Projects :

➤ ATM Simulator System

Team Size: 2

Duration: [06-04-24] - [10-06-24]

Description:

- **Objective:** Developed an interactive platform to simulate banking transactions in a controlled environment, emulating the functionality of an Automated Teller Machine (ATM).
- **Technologies Used:** Java, Swing GUI, MySQL.
- **Responsibilities:**
 - Developed backend functionalities to manage user accounts and transactions. Ensured data security and integrity by integrating with MySQL database.
- **Achievements:**
 - Successfully created a virtual platform for users to perform basic banking operations.
 - Enhanced user experience by providing a user-friendly interface and secure transaction processing.
 - Demonstrated the portability of Java applications across different devices

Additional Skills:

- Decision Making
- Adaptability
- Patience

Certifications:

- C Programming - Spoken Tutorial at IIT Bombay.
- HTML - Spoken Tutorial at IIT Bombay.
- Python 3.4.3 - Spoken Tutorial at IIT Bombay.
- PHP, JAVA and MYSQL- Great Learning.
